## About Us

**ROLLS HARDWARE LLP** is a leading brand in International Architectural Hardware. Established in the year 2000 at Mumbai, Maharashtra is completely based on innovative designs preceded by meticulous attention. Our products have an ingenious quality in today's competitive market giving the end user a luxurious experience in terms of value for money.

Customer satisfaction is the prime focus of the company. Each product manufactured from the company comes from constant vigilance on the quality aspect which results in refined finished products. This gives our product the unparalleled quality marking it different from the competition.

Our vision strongly demands to provide finest hardware products along with faithful business practices. We also work hard continuously and meet the latest trend in the hardware industry.

The brand itself has values to keep up to and we assure that we will always work hard along with you.

We desire to provide efficient and effective service along with quality hardware products. We are ready to go one step ahead and work towards the growth of both companies.

## Semi-automatic Syncro Glass Sliding Fitting (Push/Pull)

### Semi-Automatic Series

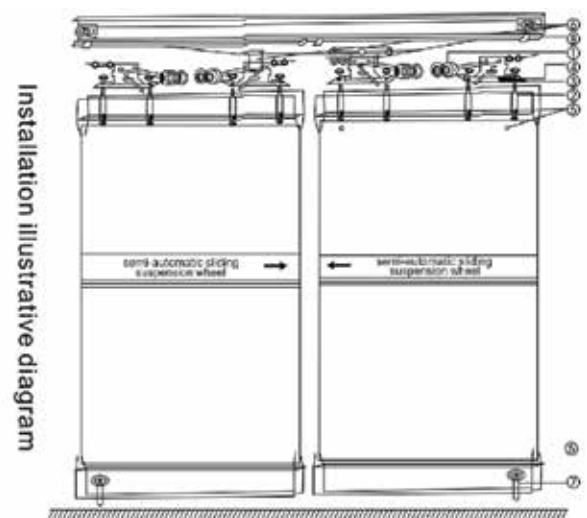

- Aluminum-alloy track
- Suspension rack
- Special-purpose aluminum clamp
- Semi-automatic transmission connection accessories
- Stopper
- Semi-automatic transmission wheel
- Steel wire fixing screws
- Steel wire

This is an innovation rail system, featuring noiseless operation, extra heavy loading, ease of push and pull installation it is ideal for glass door, wooden door and stainless steel door etc.

### INSTALLATION INSTRUCTION

- Suspension rollers: notched nylon for noiseless running on aluminium alloy.
- Connecting axle: extend into connection board, adjust with screws at top and bottom; connect with door clamp at bottom, spring piece must be placed at bottom side of connecting axle.
- Positioning rolling axle; capable of adjusting up/down position for fixing, ensuring steady operation of suspension rollers.
- Connecting board: for connecting and fixing.
- Door clamp: Connect to upper clamp glass fixing position D rill hole with diameter of 10mm in glass for clamp, with nylon rad.
- Semi-automatic device.
- Floor door clamp positioning.
- Left/right positioning of sliding track.

This product with stands: not exceeding 2.3m long, 1.00m wide, 1.2mm thick.

## Digital Glass Lock

Technical Specification	
Item Code	RDGL - 3801
Material	Alloy + ABS
Unlock ways	Fingerprint, Card, Password App - TTLock Bluetooth or Wifi
Size	Main panel 70*185mm Side Panel 35*185mm
Password Length	6 digital
Virtual Password	14 digital
Working Power	AA Alkaline batteries 4 pcs
Fingerprint capacity	100
Card + Password	1000
Door thickness	10-12mm
Emergency power supply	USB charge
Alarm	Low battery alarm
Color	Black

**MRP : 19500**
